Ordinary Time 2022

Dear Parishioners of St. Luke,

It's good to see more of you at Mass these days with covid restrictions eased. Blessings and greetings to parishioners who have returned recently and those who will be returning soon.

We had a wonderfully joyful Easter season. We're now in Ordinary Time where Easter white is changed for green vestments and banners. "Ordinary" doesn't mean humdrum, boring, but numbered weeks through to Advent at the end of November. We're all like green plants growing, nourished by God's Word and the Eucharist. We'll study Jesus' teachings, healings, and miracles. We'll think more deeply about what Jesus' resurrection means for us and what the new life in Christ is like. We try to be like him in holiness, to be better disciples and change our lives to be more like Jesus.

Part of our growth in holiness is to spend more time with the Lord in prayer and adoration. As we celebrate Corpus Christi Sunday today, a reminder that our adoration chapel is open 24/7.

God bless you and your families,

Father Edwin Kulling
