11th Sunday in Ordinary Time

In today's gospel we hear two agricultural parables of Jesus, both referring to the kingdom of God, which is the Church. The first one speaks of seed being spread and growing without the sower's direct intervention. The lesson here is that we are to spread the seed of the Word of God to people but only God can make it grow. The growth itself of the Church and its members may be visible, as with the growth of the grain, but the power of God working in people's lives to cause that growth will remain invisible. All that said, this parable teaches the necessity of God's grace for the Church to grow, just as there is the necessity of sunlight, rain, good soil, etc. (elements mostly out of the control of the sower) for grain to grow. The second parable is the famous Parable of the Mustard Seed. It teaches us that although the Church started out small (with just a small group of disciples) it would grow into a large, worldwide Church. The imagery used here is also reminiscent of the first reading, reminding us that the Church will truly be universal by welcoming "birds of every kind" (representing people from many different cultures and backgrounds).

Jesus Statue at the Stations of the Cross Thank you to parishioners who have indicated concern about the statue of Jesus which has a covering over his head. A woodpecker(s) made a large hole for nesting on the side of the statue's head. The covering was placed there to deter any further damage and nesting in the body of the statue. We expect to remove the cover soon now that nesting season is coming to an end.

Stewardship Reflection

"For we must all appear before the judgment seat of Christ, so that each one may receive recompense, according to what he did in the body, whether good or evil." - 2 Corinthians 5:10

We are all accountable for all of the gifts God has given us—our time, our talent and our treasure; everything we have and everything we are. Each of us is accountable not only for our own life but for the lives of others as well. One day God will ask each of us what did we do with the gifts we were given. How will you respond?

Journey with Christ—Life of Prayer

Expressions of Prayer

Learn what prayer is and how it can enrich your spiritual life as we journey each week through the Compendium of the Catechism of the Catholic Church's section on Prayer.

569. How can vocal prayer be described?

Vocal prayer associates the body with the interior prayer of the heart. Even the most interior prayer, however, cannot dispense with vocal prayer. In any case it must always spring from a personal faith. With the *Our Father* Jesus has taught us a perfect form of vocal prayer.

570. What is meditation?

Meditation is a prayerful reflection that begins above all in the Word of God in the Bible. Meditation engages thought, imagination, emotion and desire in order to deepen our faith, convert our heart and fortify our will to follow Christ. It is a first step toward the union of love with our Lord.

"My secret is very simple: I pray. Through prayer I become one in love with Christ. I realize that praying to him is loving him." -St. Teresa of Calcutta

To Be a Pilgrim

An ancient trail of pilgrimage runs through south-east England, a pathway along which so much of English identity converges. It is the way of St. Thomas Becket, the martyr who stood up to a King and inspired Christendom. It is a route that drew countless pilgrims in ages past, captured the imagination of Chaucer, and interest in this pilgrim path is strongly reviving again today.

Saint Thomas More: The Age of the Author

This engaging series delves into the lives of the saints who led the Catholic Counter-Reformation. In this episode, learn about St. Thomas More, a patient witness to the faith who endured a heroic martyrdom at the hands of Henry VIII.

Episode 124: Dryness in Prayer

Probably the most important relationship in our life is our relationship with God, and we are building that through prayer. Prayer is real — it's for everyone, but we know that prayer is not always easy. Sometimes it can even be really hard.

"I am very passionate about promoting healthy aging...To examine this, participants engage in an activity on their own time for 10 weeks. There are 5 activities that individuals may randomly be assigned to. The first activity would consist of listening to beloved music that brings back fond memories from childhood each week, the second activity involves listening to beloved spoken word (fables, prayers, stories, poems etc.) that bring back fond memories from their childhood each week, the third activity is listening to music with a close friend or relative each week, the fourth activity would be spending quality time with a close friend or relative, and the fifth activity is called our business as usual group. Those in the last group go on with their daily lives and don't have to worry about doing anything for the 10 weeks! We ask that participants spend around 90 minutes doing each activity per week. This can be with a different person every single time (if they are in conditions 3 or 4), and they can engage in their activity whenever they want (e.g., 5 minutes one day, 20 the next, 40 another day etc.). Throughout the activity period, one of my research assistants or I will call every 2 weeks just to quickly check-in. Also, every single participant gets to keep the audio device we provide them with to listen to the music or spoken word for free. Even those who don't listen to anything will get the audio device at the end of the study."
